At AmCham Greece, our commitment to advancing the interests of our member companies and the broader business community remains resolute. In 2024, we continued to leverage the strength of our specialized sectoral committees and our growing international network to deepen the strong bilateral relationship between the United States and Greece and promote broader transatlantic collaboration.

We are entering a new era of engagement—one that will allow us to further amplify our voice, expand our reach, and more effectively support policy dialogue and business partnerships at the highest levels.

Through strategic initiatives, knowledge-sharing platforms, and policy advocacy, we remain dedicated to creating a modern, resilient, and competitive business environment across all regions of Greece—one that encourages innovation, supports entrepreneurship, and drives sustainable economic growth for the years ahead.

Nikolaos Bakatselos

President

American-Hellenic Chamber of Commerce

The publication of our Annual Review offers a valuable opportunity to reflect on the progress we've made and the milestones we've achieved throughout 2024. Building on the momentum of 2023, this past year was marked by strategic expansion, impactful events, and bold new initiatives that continue to elevate the role of AmCham Greece both nationally and internationally.

We remained focused on our core mission: supporting American and Greek businesses by fostering a resilient, forward-looking investment and business environment across Greece. This year, we deepened our mission by launching new initiatives and establishing new committees to expand our regional reach and reinforce our commitment to inclusive economic development across all areas of the country.

Our continued service as the AmChams in Europe (ACE) Secretariat has further positioned us at the heart of strategic conversations driving transatlantic cooperation. Through this role, we are helping to shape policy, foster innovation, and promote sustainable growth across the European and transatlantic business landscapes.

Through these collective efforts, we remain dedicated to creating meaningful opportunities and delivering long-term value for our members, partners, and both nations' economies.

Advocacy

Established in 1932, AmCham Greece is one of the largest, most active, and dynamic American Chambers in Europe. Representing U.S., Greek, and international companies operating in Greece, AmCham Greece is dedicated to fostering a robust, growth-oriented business and investment climate in the country. It is a wholly autonomous, not-for-profit organization that operates without any government subsidies. AmCham Greece is an active member of both the U.S. Chamber of Commerce in Washington, D.C., and since 2023, serves as the AmChams in Europe network's Secretariat, taking on this pivotal role for the umbrella organization that represents 50 American Chambers of Commerce from 48 countries across Europe and Eurasia.

MISSION STATEMENT

Following its primary mandate, the Chamber's mission is to strengthen economic, business, and trade ties between the United States and Greece. We achieve this by expanding our membership base, advocating effectively, and organizing high-caliber events such as exhibitions, seminars, forums, conferences, and summits on both sides of the Atlantic.

WORKING ON BEHALF OF OUR MEMBERS

AmCham Greece provides clear and evidence-based representation to decision-makers in Greece, Brussels/EU, and Washington DC on behalf of our members. The Chamber's advocacy efforts vividly showcase the robust and mutually beneficial trade and economic relationship between the US and Greece, which in turn benefits the US, the EU, and Greece.

HOW AMCHAM GREECE WORKS

AMCHAM GREECE CONNECTS

Membership in AmCham Greece is accessible to large American corporations, small- and medium-sized businesses operating in Greece, Greek companies of any scale involved in, or intending to engage in, trade with the United States, as well as non-governmental organizations, associations, and entrepreneurs who align with the Chamber's mission.

AMCHAM GREECE LIAISES

AmCham Greece works closely with and serves as a spokesperson to the government, government agencies, international organizations, business consortiums, and other partners, focusing its efforts on a number of key areas and activities including:

- Building and maintaining channels of communication between the government and the private sector as well as between private sector parties and other stakeholders in the US and Greece to nurture and develop mutually beneficial policies and opportunities
- Creating internationally respected platforms to facilitate the exchange of specialized knowledge, promote best practices and encourage innovation across key areas

- Ensuring the government and relevant government agencies are fully informed on our members' priorities
- Identifying pivotal policy points and putting forward policy proposals designed to enhance Greece's global standing and reputation
- Providing thought leadership on emerging opportunities and current business and economic trends

AMCHAM GREECE ORGANIZES

AmCham Greece is a leading force in creating, administering and hosting business and industry-specific events, at all levels and scales, including some of the oldest and most prestigious events in their respective fields in Greece and the wider region; these include:

- Major conferences and forums with keynote speakers and participants that include prime ministers, foreign diplomats and dignitaries, senior government officials, industry leaders, policy experts and think tank analysts, thought leaders, and other stakeholders
- Hellenic pavilions at leading global exhibitions
- US pavilions at major international exhibitions in Greece
- Business delegations and trade missions to and from the US as well as other countries in the wider South-eastern Europe region
- Open and closed B2B and B2G networking events

AMCHAM GREECE PUBLISHES

AmCham Greece publications serve as primary communication tools for the Chamber, comprising both regular and ad hoc releases. Regular publications include the Annual Review, offering a comprehensive overview of the Chamber's activities; the Directory, an annual compendium of Chamber members featuring insights into business and economic landscapes, along with essential guidance on conducting business in Greece and the US; and Business Partners, a bimonthly magazine featuring tailored content catering to and about Chamber members. Additionally, our publications encompass sector-specific and informational whitepapers, as well as focused toolkits and guides.

AMCHAM GREECE SPECIALIZES

AmCham Greece leverages the expertise and experience of its members to establish specialized sectoral committees. These committees convene business leaders, specialists, and experts from diverse industries and disciplines to exchange knowledge, foster innovation, and promote the interests of member companies. Committee activities encompass targeted advocacy efforts, focused events and initiatives, specialized reports, as well as policy analysis and the formulation of policy proposals, including recommendations for amendments to government-prepared draft legislation. Additionally, committees strive to provide member companies with valuable information and advice tailored to their specific areas of expertise.

TRADEUSA

At the heart of TradeUSA, AmCham Greece's dedicated trade facilitation platform, is a clear mission: to strengthen bilateral trade between Greece and the United States by providing timely information, expert insights, and targeted support. TradeUSA actively monitors global economic developments, identifies market opportunities and regulatory challenges, and offers strategic recommendations to businesses. Through market reports, trade missions, specialized workshops, and regulatory guidance—especially on U.S. FDA compliance—TradeUSA equips companies with the tools and knowledge needed to succeed internationally. More than a resource hub, TradeUSA fosters meaningful transatlantic collaboration, driving growth and resilience in both countries.
