

Cenegenics Elite Health is available now in Greece & Cyprus, powered by Athens Beverly Hills (**ABH**) Clinical Prevention & Age Management. ABH Medical group is offering a **25%** discount on the revolutionary elite health Anti-aging program to AMCHAM members.

About **Cenegenics®**

Founded in 1997, **Cenegenics® USA** established Age Management Medicine and is highly regarded in the medical community. With more than 40,000 members globally Cenegenics remains the indisputable clinical leader in the field of Clinical Prevention and Age Management.

Our aim through our Elite Program is the **holistic approach** towards each patient, having as main principle the respect to its individuality, keeping always **high standards of safety, credibility and confidentiality**. Our unique medical protocols of diagnosis and treatment **are unique and customized**. Each Cenegenics program offered is **based on medical evidence** while respecting each patient's **lifestyle, needs and targets**. We offer a comprehensive, scientific approach to medicine, looking where others usually don't. Optimal health, not disease, is our primary focus. We bridge the gap between conventional medicine and scientifically based proactive prevention.
